

Theres a Bear in the Air

The Highway Patrol uses planes?? What are their missions and services, and how do they make their go-nogo decisions? How do they serve our State? Learn about how aviation is used by the State Patrol, what birds are in their fleet, and what qualifications are required to fly for the Patrol.

Craig is a MN native who grew up in Bloomington. He began working for the State Patrol in 2002, moved to the aviation section in 2010, and became Chief Pilot in 2015.

Directions: This seminar will be located in the Modern Avionics Hanger located behind shop. If flying in, ramp is full and you need to park across the taxiway in the grass please notify Flying Cloud Ground Control of your intentions.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafetyTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice.
